

Sanari
Plant Based Candles

Lighting the Way to a Healthy Life

Our Promise

Sanari Candle is dedicated to promoting a healthy lifestyle, using only the highest quality organic and green products in the industry.

Each aspect of our candles is carefully chosen to deliver a unique sensory experience for your mind and body. With an extensive understanding of product development and taking inspiration from a deep background in healthy living, every Sanari Candle scent begins with scientists blending 100% plant based essential oils together with only the highest quality ingredients.

The Sanari Difference

Sanari Candles use 100% Plant Based Technology to bring forward the true essence of each of our blended fragrances.

- We pull from our earth and give back to our earth and to you. A true life-force.
- We support and work only with organic farmers.
- We do not use any petroleum based or animal bi-products in any of our products, including bees.
- All of our products are made in California, USA and are USDA Organic, Natural, Kosher Certified, and we comply with all Fair-Trade guidelines.

The Benefits / Mind - Body - Spirit

We use only the purest blend of essential oils to create fragrances that are unique and proprietary to Sanari Candle.

Each of our products truly delivers a unique sensory experience that have proven health benefits.

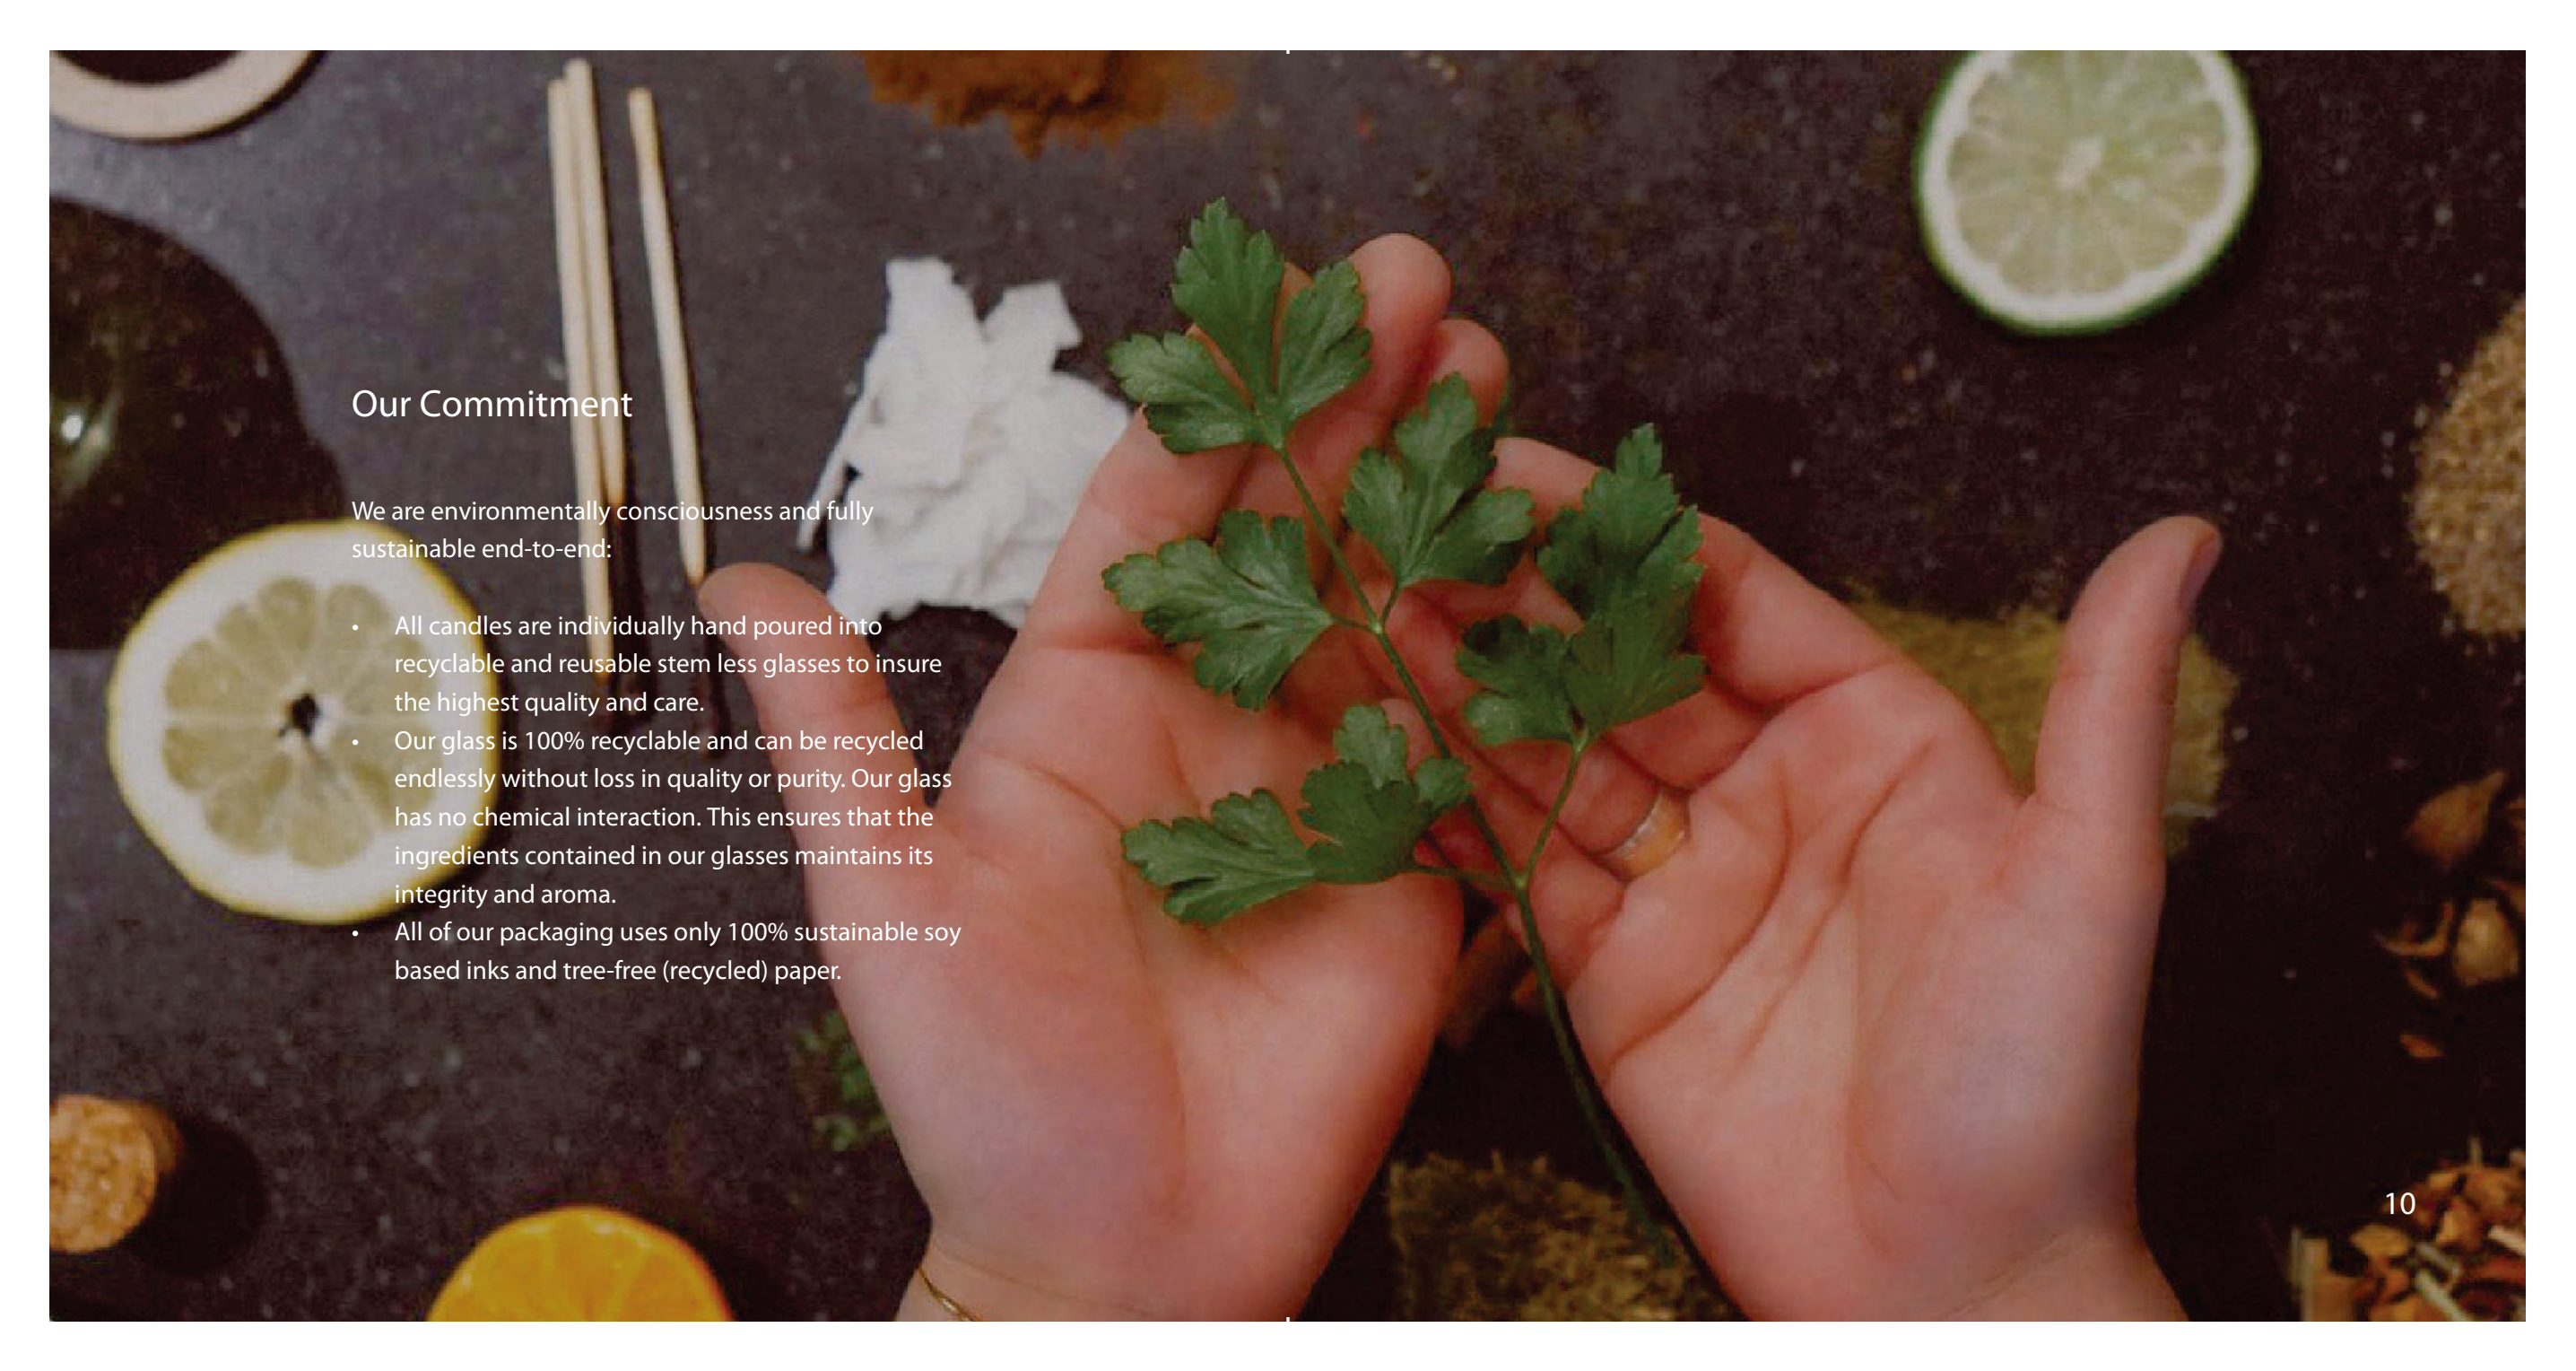

- Fruit & Floral essential oils are known to have a calming effect to mind, and body and It soothes the body systems.
- Citrus Herbal essential oils are known to help to soothe anxious feelings and manage stress.
- Spicy Woody essential oils are known to have strong cleansing and immune support properties; helps with exhaustion and fatigue.

A lit candle in a glass holder sits on a wooden table. The table has a dark metal frame with vertical legs. The candle is lit, and its flame is visible. The background is dark and out of focus.

Naturally Sourced

- We created a proprietary blended wax that is exclusive to Sanari Candle.
- We use 100% Organic, Coconut and non-GMO Soy wax. No pesticides or herbicides are used at any stage in its cultivation.
- Coconut wax is made out of raw and natural product.
- Coconut wax burns a lot cleaner, cooler and perfectly complements with many kinds of essential oils.
- Soy beans are a renewable source and the wax is a naturally bio-degradable and is considered an eco-friendly product.

Our wicks are made from 100% unbleached cotton wide-wick to provide a clean pure and long-lasting burn. This is why we chose this material as it creates a unique triangular glow, embodying the unity of SPIRIT, MIND and BODY.

Our Commitment

We are environmentally consciousness and fully sustainable end-to-end:

- All candles are individually hand poured into recyclable and reusable stem less glasses to insure the highest quality and care.
- Our glass is 100% recyclable and can be recycled endlessly without loss in quality or purity. Our glass has no chemical interaction. This ensures that the ingredients contained in our glasses maintains its integrity and aroma.
- All of our packaging uses only 100% sustainable soy based inks and tree-free (recycled) paper.

We Give Back!

Rebecca Aghalarpour, founder of Sanari Candle, is passionate about helping women, and with every Sanari Candle purchase, a donation will be made to help support women and Breast Cancer Research.
